About Me

Hi, I'm Merertu Philipose. I'm a web designer and developer with a passion for creating beautiful, functional websites. I am now pursuing a degree in software engineering at Addis Ababa University, where I have developed my programming and coding abilities using Python, Java, and JavaScript. In order to improve my skills, I also took a web development course from FreeCode Camp and Udacity. By working on numerous projects, I am now focusing on developing a profession in website design and development for a variety of users. I've worked on several fascinating projects and partnerships along the way, all of which have improved and developed my skill.
